The rules are simple:

- » Sell 50 numbers for \$10 each, which people directly give to you (you can make this value higher if you want to increase the funds raised).
- » Write the player's name on the number they have chosen.
- » Once all the numbers are sold, you can draw the winning number from a hat or use a random number generator (Google it) to select the winning number.
- » The person who had the winning number gets \$250 and then you donate \$250 to your Perfect Match tally.
- » The winner also has the option to donate the proceeds to your campaign – it's a Perfect Match!

Make it your own:

- » Sell the numbers for \$30 each – the winner gets \$750 and you donate \$750 to your campaign.
- » Sell the numbers for \$40 each – the winner gets \$1,000 and you donate \$1,000 to your campaign.
